

The Third Annual Conference for HazMat Professionals

“Excellent couple of days and a valuable opportunity to develop joint working between FRS and industry.”

Peter Gustafson, London Fire Brigade

The 2010 Hazmat Event promises to be bigger and better than ever before, thanks to continued support from Emergency Services as well as other HazMat Professionals.

The two-day conference draws on knowledge and experience from a range of Hazmat Professionals, Industry Leaders, as well as NCEC's own Emergency Responders.

HazMat Event topics include:

- Hazardous Materials Response
- Chemical Exposure and Monitoring
- Emergency Planning
- Developments in Legislation
- Future Technologies
- Practical Case Studies

This HazMat Event is the perfect opportunity to gain a wider understand of these issues, and more importantly, practical ways to address them.

Why attend?

- Perfect opportunity to express your views and question fellow HazMat Professionals
- Network with a wide range of professionals from various agencies e.g. Maritime and Coastguard Agency, Highways Agency, Environment Agency, Police Service and Fire and Rescue Service
- High level speakers including: John Roche, CIA, Bob Hark, Dorset Fire and Rescue, Peter Gustafson, London Fire Brigade, Caroline Raine, NCEC and others
- Case studies on major real life events.

Who should attend?

- Category 1 Emergency Responders involved in chemical incident response
- Chemical Industry Representatives and Responders
- Organisations involved in providing support services and equipment.
